From

THE CHAIRMAN,
CITY IMPROVEMENT TRUST BOARD,
MYSORE

To

The Chief Engineer for Irrigation in Mysore,
Bangalore.

Sir,

With reference to your Notification No 4469-90/E dated 16/11/48 and the subsequent notification No 4595-602/E dated 19/11/48 issuing orders of transfer of Sri.K.G.Katwey,B.E., Trust Board Engineer from the Mysore City Improvement Trust Board, to the Buildings Division, Bangalore, with orders to join forthwith, I have the honour to state as follows:-

This is the middle of the official year and many Schemes of Improvement are in a stage of sanction or in the course of execution. The nature of work involved in carrying out the improvement works is such that the Executive Officer who is in touch with the developments of the Schemes through the various stages including acquisition, will be in a better position to carry out the same in actual execution smoothly and speedily. A new incumbant at this stage would no doubt in my opinion feel embrassed and it will take certainly some time for anybody to become conversant and familiar with all the details, a knowledge of which is indispensable in pushing through works of the nature referred to. It would therefore, I state, be inexpedient and not in the best interests of the Trust Board that this change of the Engineer Officer ~~as ordered~~ is given effect to so urgently as it is ordered. Further it is hardly since 1½ years since Sri.K G.Katwey, has been working in the Trust Board and such changes in such comparatively short period, particularly of the Engineer Officer of a City Improvement Trust Board is certainly not desirable.

I wish to add that I am surprised that the transfer of a Gazetted Engineer Officer deputed to work in the Trust Board has been given effect to without any consultation prior to giving effect to such

p t.o.

orders. I quite realise that such transfers of Government servants are a feature of the administration and it is not my intention to question or object to the same. At the same time I must add that ~~some~~ due consideration has to be shown to the formalities and other factors that may be peculiar to any individual case which have to be kept in view so long as they serve the desired purpose of reacting favourably to the interests of the Institution served.

I would therefore request you kindly to cancel the transfer order or atleast keep the orders in abeyance, till the end of the year so that I may be in a position to see that the Engineer brings atleast some of the very important Schemes to a stage at which they could be left to his successor to pursue with, and also to see that the claims of the various contractors are satisfactorily settled without giving room for any complicated ~~claims etc~~., in future. I have addressed a copy of this letter to the Secretary to Government, Revenue Department, Bangalore, for the information of Government.

Yours faithfully,
Sd/- P Sitharamaiah,
Chairman.

Sir

In continuation of ~~Trust Board Memo~~ this office Memo No B4C33-94/48-47 dated 3/12/48 intimating that Sri K G Katwey, Trust Board Engineer transferred from this Office by the Chief Engineer for Irrigation, was relieved in this Office by the Trust Board Overseer Sri P M Govindarajalu Naidu, pending arrival of Sri.B S Narayanaswamy, Assistant Engineer, posted in place of Sri K G Katwey, I have the honour to inform you that the former has not joined duty in this Office The Chief Engineer (Irrigation) was consulted by me on the 17th instant by phone in this connection He has intimated that Sri Narayanaswamy is not likely to join duty in this Office till atleast the 3rd January 1949 In the meanwhile lot of work has been held up in this Office and almost all contractors have been bitterly complaining that the works done by them have not been got checked and that thereby they have been put to extreme hardship financially, as their bills could not be got checked and paid due to the new Assistant Engineer not having taken charge Sri P M Govindarajalu Naidu, who has ~~xxx~~ taken charge from Sri K G Katwey is junior Officer and as he himself checks certain works, it is considered necessary thatce an Engineer Officer of higher status check measures the works before payment of contractors' bills These matters were explained to the Chief Engineer Consequently he has consented to the Municipal Engineer of the City Municipality being in additional-charge of the Trust Board Engineer's duties in addition to his own till the arrival or of Sri Narayanaswamy I have accordingly issued an Office order directing the ~~Assistant~~ Municipal Engineer to be in charge of the Trust Board Engineer from 20/12/1948 This arrangement may kindly be approved and the "in charge" allowances to the Municipal Engineer as per rules may kindly be got sanctioned till the arrival of Sri Narayanaswamy
